Something to do at home

You could play the Wow, God! throwing game like Ali and Kate did on the video. Every time you catch the ball/cushion, say Wow to God about something different – things He has made, things He has done, who He is... how long can you keep going?

Another thing to try at home

What do you normally say when you pray to God? Do you remember to say Wow every day?

Our friend Claire taught us one way to pray called STOP and say Wow! It helps us remember five things to pray about:

Sorry

Thank you

Others

Please help me

Wow!

Maybe you would like to try this at home.

Listen to this!

We learned a new song, God of Wow by Sovereign Grace Music. There's an awesome video that goes with the song, why not watch it at
